Motion Graphics Designer

Overview

We are seeking a motivated professional to join our company as a Motion Graphics Designer. You will work with a larger team of creative professionals and account strategists creating a variety of unique and impactful finished products. A collaborative mindset is an absolute must. Our ideal candidate is an expert in an array of Adobe products, including Adobe Photoshop, Adobe After Effects and Adobe Premiere. You should also be well versed in other common design software such as Adobe Illustrator and InDesign.

Duties and Responsibilities

- Create and produce visually stunning video assets and motion graphics content
- Collaborate with art directors and other colleagues on how to best support client's goals
- Take initiative on projects to deliver new and innovative solutions
- Adhere to client's corporate brand guidelines in ways that still push creative boundaries

Requirements and Qualifications

- Superb visual skills coupled with an eye for detail to create novel solutions
- Portfolio/reel illustrating prior experience with large communication and branding projects
- Strong conceptual skills via storyboarding or sketching
- Expert-level knowledge of Adobe Suite and common motion design software
- A constant desire to learn new techniques and technology to advance your craft
- Strong communication skills with the ability to estimate timing
